AMERICA'S COUNSEL

Frederick R. Coudert Said to Have Been Selected.

HE IS A MAN WELL VERSED IN INTERNATIONAL LAW

Washington, Aug. 13—Special—The necessity of caution in the present emergency is felt in administration circles. The wily character of Spanish diplomats is fully realized, and an effort will be made to send to the Paris conference representatives who cannot be overmatched in diplomacy. It is probable that Frederick R. Coudert, probably the best authority on international law and usage in the country, will go either as one of the commissioners or as leading counsel of the government. Mr. Coudert, in addition to being a fine lawyer, is a good French and Spanish scholar and an eloquent advocate. Although a democrat his abilities are fully appreciated by the president, and his name has been under consideration. It is probable that the position of counsel will be offered him, as in that capacity his attainments can be made of the greatest service.

Future of the Philippines.

Washington, Aug. 13—Special—Public opinion will decide the question of the retention of the Philippines. The president has not made up his mind. What the people want and the elements of the situation as they are developed will settle the subject. No advance agreement has been made. What-aver claim Aguinaldo had for consideration was forfeited when he proclaimed himself dictator. A proposition which will certainly be made and will undoubtedly be seriously considered is that we buy the islands from Spain. It is not believed we can claim the islands by right of conquest, as at the close of hostilities we only hold the harbor of Manila and a small section of the land at Cavite.

The Navy Recalled.

Washington, Aug. 13—Special—Commodore Watson has acknowledged the receipt of orders to Admiral Sampson in his care directing the admiral to send the armored cruisers and battleships to New York and raise the blockade. The navy department has also been informed by Watson that he has sent a vessel to recall the expedition sent against the Isle of Pines.

Cervera Goes to Portsmouth.

Boston, Aug. 13—Special—Admiral Cervera passed through here today on his way to Portsmouth, N. H., and was given a hearty greeting when his identity was discovered. Portsmouth, N. H., Aug. 13—Special—Admiral Cervera arrived here shortly after noon. The meeting between him and his sailors who are prisoners here was very affecting.

Hay May Enter the Cabinet.

Washington, Aug. 13—Special—It is said Colonel John Hay, ambassador to Great Britain, may succeed Judge Day as secretary of state. The latter will retire as soon as he assumes his duties as chairman of the committee that will draw up the treaty of peace.

Army Members.

Washington, Aug. 13—Special—It is believed that Generals Brooke and Henry will be the army members of the commission which is to meet at San Juan.

Guns Sent to Guayama.

Ponce, Aug. 13—Special—Dynamite guns have been sent to Guayama from Ponce for General Wallace. They were taken by the transport Stillwater.

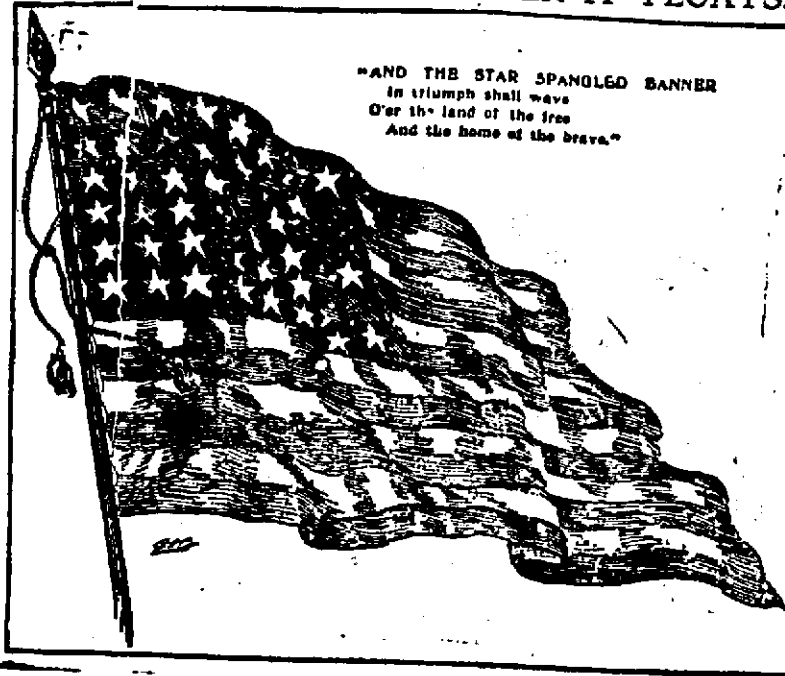

Arrested as a Spy.

Ponce, Aug. 13—Special—A lieutenant in the Spanish army has been arrested at Arroyo as a spy. Another officer acting as a spy escaped.

Wheat May be Exported.

Madrid, Aug. 13—Special—The official gazette publishes an order permitting the exportation of wheat and flour free from Aug. 15.

FREEDOM REIGNS WHERE'ER IT FLOATS.

TWO PEOPLE DROWNED

La Crosse Woman Perishes, and a Lad Who Goes to Her Rescue Also Drowns.

La Crosse, Aug. 12—[Special]—A double drowning occurred at Eagle Bluff last evening. Mrs. T. Perry Gates, one of a party of La Crosse people camping, while in bathing, was wading near shore when she stepped off into a deep hole. Howard Sutherland, a fourteen-year-old boy, one of the party, rushed to her assistance, and in attempting to save her, he lost his life. Mr. Sutherland also went to the rescue, and he, too, nearly lost his life in the struggle. He was pulled on shore just in time and fell exhausted.

STRIKE IS ORDERED

Coal Miners in the Monongahela District Will Inaugurate a Strike.

Pittsburg, Pa., Aug. 13—[Special]—A convention of coal miners was held at Monongahela City today, and it was decided to inaugurate a strike.

WAS ALMOST A SERIOUS FIRE

Opportune Discovery Prevents a Blaze in the Park Hotel Barn.

About 11 o'clock last night, as Milton Barney, the bus driver at the Park Hotel, was putting up his team, he smelled smoke in the barn, and suspected that all was not as it should be. He gave a still alarm to Landlord Brewer and the employees, and an investigation showed that the timbers of the south wall, between the outer brick veneering and the inner sheathing, were on fire. A hole was knocked in the wall and a few pails of water put out the fire, which was slowly eating its way upward. If it had been undetected for half an hour longer, a disastrous conflagration would have resulted.

The cause of the fire is not known. It is suspected that mice or rats may have carried a match to their nests, which, becoming ignited, caused the blaze. The barn is a large and costly one.

BLAZE IN TOBACCO HOUSE

Considerable Damage Done By An Early Morning Fire.

Fire in the L. Baumgarten & Co's. leaf tobacco warehouse at No. 7 Adams street was discovered at 3:10 o'clock this morning, and before the flames were gotten under control considerable damage was done by flame and smoke. Just what the loss will be is at present hard to state, as a thorough investigation of the leaf in case will first have to be made to ascertain as to what extent the smoke got in its work. The building was not badly damaged, and is covered by a \$3,000 policy with Hayner & Beers, of this city. The tobacco is also fully insured.

The cause of the fire is unknown, but is supposed to have been incendiary.

T. B. Earle, of Edgerton, is the agent for Baumgarten & Co., who are located at 111 Arch street, Philadelphia, and are packers of seed leaf and importers of Havana and Sumatra tobacco.

Mr. Earle was in the city today looking after the interests of his firm.

ARE PLAYING GOOD BALL

Two Janesville Players Are Making Records in the Oshkosh Team.

Morris Crall and Tom Morrissey, of this city, who are playing base ball with the Oshkosh team, played a great game in Fond du Lac Wednesday but in spite of their hard work their team was defeated by a score of 6 to 3.

The game was the first of a championship series and was witnessed by a large crowd. Throughout the game Crall was in right field while Morrissey covered first base in faultless style.

MILES HELD TO TRIAL

The Murderer of Birdie Fox at Oshkosh Must Answer For His Crime.

Oshkosh, Aug. 13—[Special]—Geo. Miles, the alleged murderer of Birdie Fox, waived a preliminary examination in the municipal court this morning. He was bound over to the circuit court for trial at the December term. Bail was furnished in the sum of \$5,000. Miles shot himself in the breast, and is just recovering from his wound.

TOO MUCH CLAY ON ROADS

It Furnishes a Cheap Substitute for True Macadam Surface on New Roads.

Specifications and contract for a road may be all right, but the work of construction needs to be constantly watched in order to insure the literal carrying out of their provisions. Contractors, as a rule, do not appreciate the necessity for being precise in following out all the details. They are neither engineers nor scientific road-builders, and a little variation in the size of the stone, the effect of light rollers and insufficient rolling, or the use of clay for blinding purposes, does not seem to them to be of much moment. They know that they can stretch up a job with a horse roller and plenty of clay for blinding and make the surface appear as fine as can be desired. Their true concern ends. The mud that works out with every rain and the rapidly with which large stones show through the surface do not trouble them. Macadam is not perhaps an ideal road, but there is a vast difference between different sorts of road built under that name. If rightly constructed and judiciously maintained, thoroughly satisfactory results are assured; but if more or less crudely built and then indifferently maintained or neglected, as is apt to be the case, it is an expensive luxury likely to cause disappointments. It is folly to suppose that anyone can build a road. It requires special knowledge and experience to construct one properly and a rigid adherence to the terms of properly drawn specifications. —Good Roads Bulletin.

HE WAS NOT ABLE TO APPEAR

Sunday Stabbing Case Postponed Until the Injured Man Recovers.

This morning when Edgar Porter appeared in the municipal court to answer to the charge of stabbing James Mackin, his attorneys made the request that his bail of \$500 be reduced to \$200. The court, after giving the matter due consideration, placed the bail at \$250.

It is now said that Porter will soon be able to give bail. Dr. James Gibson, who is attending Mackin, was in court, and stated that the injured lad would not be able to appear before August 25. The court then adjourned the case until August 25, at 9 o'clock.

IS LOOKING AFTER DAIRYING

Washington Official Making a Tour of the Cheese Producing Region.

R. A. Pearson, of Washington, D. C., an official of the Department of Agriculture, was in the city yesterday. He is making a tour of the dairy districts of the United States, preparatory to making a report to the department. Mr. Pearson is well posted in the business, and in him the government has a valuable man. He was in conference with the officers of the state dairy and food commission, and left yesterday with Assistant Dairy and Food Commissioner W. W. Chadwick for a tour through Green and La Fayette counties.

THE PACT OF PEACE

General Rejoicing Over the Signing of the Protocol

ENGLAND IS PLEASED WITH THE PRESIDENT'S MODERATION

Washington, Aug. 13—Special—There is general rejoicing here over Spain's acceptance of the conditions of peace, but it is mingled with doubts of the good faith of the Madrid government. Sagasta has gone so far, however, that retreat will now be almost impossible. There yet remains for this government a battle of diplomacy upon which will depend the results of the bravery of our soldiers and sailors. There is much solicitude in this regard, and the president will doubtless take plenty of time to select commissioners and counsel who will be able to cope with the most astute that Spain can command. It is believed that some of the selections have already been made, but their names will not be given to the public for some time to come.

Pleased That Peace Has Come.

Washington, Aug. 13—Special—A feeling of profound relief that the war is over prevades all classes. The members of the three committees provided for in the peace agreement will probably be announced today or Monday. It is said General Fitzhugh Lee will probably be at the head of the military committee for Cuba, and with him will be associated an army and navy officer, the commissioners to be clothed with ample powers and an army of fifty to sixty thousand will be garrisoned upon the island to uphold American supremacy. It is not known how long the Spanish will require to withdraw their army from Cuba and Porto Rico.

The English Are Pleased.

London, Aug. 13—Special—There is much satisfaction here at the signing of the peace protocol between the United States and Spain. Ambassador Hay was deluged with congratulations from officials of every degree, and everywhere is heard praise of President McKinley's firmness during the negotiations and the moderation of his demands. It is universally remarked that Great Britain would have been far more exacting under like conditions.

Arrived at Quarantine.

New York, Aug. 13—Special—The United States transport Seguranca dropped anchor at Quarantine after being eleven days out from the fever stricken camps about Santiago. She has on board 311 sick soldiers who are bound for Montauk Point.

Madrid Comment.

Madrid, Aug. 13—Special—The Liberal says the mixed commission which is to be appointed to solve the Philippine question will accord to Spain the sovereignty of almost the whole Archipelago. The Temps calls on the government to hurry the peace negotiations.

Ratification Will be Delayed.

Madrid, Aug. 13—Special—The cortes will not be convened to ratify the peace treaty until autumn. By that time Sagasta will have had time to satisfy the various elements and pave the way for a quiet ratification.

Thanks To France.

Madrid, Aug. 13—Special—Duke Almadovar del Rio, minister of foreign affairs, has requested the Spanish ambassador to transmit to France the thanks of the Spanish government for its service to Spain.

THE EPWORTH'S CONVENTION

Many Will Go from Here to the Fort Atkinson Gathering.

Delegates from the First M. E. and the Court Street Methodist churches will attend the tenth annual district convention of the Epworth League to be held at Fort Atkinson August 18 to 21.

Those who will go from here are planning on attending one of the most interesting meetings in the history of

the League. The committee in charge is now making every preparation for the comfort of those who intend to be present. A very attractive program has been arranged, including a concert by the celebrated Lemmel Quartette, a lecture by E. W. Chapin, etc.

We have the finest line of hammocks to select from in the city, and you get a 50 cent reduction on each one. Sanborn & Co.

COULD NOT PLAY EVEN PASSABLY WELL

ALGONQUIN INDIANS WERE EASY VICTIMS.

Visitors Made a Great Display Of Ruffianism and Tried to Intimidate the Umpire—They Were Clearly Outplayed—Whiskey Was Too Much For Them to Carry.

A party of ball players calling themselves the Algonquin Indians and heralding themselves as the champions of Northern Illinois and Southern Wisconsin came to town for the purpose of massacring the Y. M. C. A. team of this city. The party left this morning minus their own scalps, which were dangling from the belts of the local ball tossers. Instead of proving themselves good ball players the visitors showed themselves to be accomplished in the art of ruffianism and rowdiness. After their departure, however, the city was thoroughly fumigated and disinfected and their example is not likely to become infectious, although a disagreeable odor remains in such spots as were contaminated by their presence.

The Indians—to the credit of the red men it should be stated that they were counterfeits of the race, having no trace of aboriginal blood in their veins—came to town on Thursday evening and proceeded to get drunk, and most of them remained in that condition during the stay here. They were loud mouthed, profane and obscene at the hotel where they were harbored, and at the ball grounds, finding themselves outplayed at every point, they became abusive and threatening towards the umpire, and conducted themselves generally in such a manner as to merit the contempt of every person present. Last night the visitors again spent in debauchery, and left the city this morning for the city's good. It is to be hoped that their stay in other parts will be a prolonged one. It will be many a day before they receive another invitation to visit Janesville.

The game from start to finish showed the superiority that temperate men invariably have over the dissolute. The local team played an even, strong game, marked by heavy batting and excellent fielding. After the first inning the home team began to score, and each time they went to bat they increased their lead. In the eighth, when they drew a blank and gave the visitors two runs. Young and McMaisters were in the box for the home team, and played an admirable game throughout. Three home runs were scored by the Y. M. C. A., Young, McMaisters and Carle doing the work. Richards, of the opposing club, also secured a home run, and appeared to be the only player who was not suffering from "katschammer."

Several times during the game the decisions of Umpire Sarasy were called in question by the Indians, and Mr. Sarasy was threatened with extermination. He stood his ground undaunted, however, and paid no attention to the ruffianly conduct of the gang.

The following indicates the points of the play:

Y. M. C. A. 0 3 2 1 3 1 5 0 2—17
Indians 9 0 0 0 0 2 4 2 0—8
Home Runs—Young, McMaisters, Carle, Richards. Three base hits—McMaisters, Haeger. Two base hits—Warner, Young, McMaisters, Richards, White. Struck out—J. Young, 8; by Drews, 1; by Ketchum, 2; by Richards, 2. Bases on balls—On Drews, 1; on Ketchum, 3; on Young, 4. Left on bases—Y. M. C. A., 8; Indians, 6. Hit by pitched ball—Ketchum, Hollister. Umpire—Sarasy.

SOLD IMPURE LEMON EXTRACT

Former Janesville Merchant Pays a Heavy Fine at Madison

Joseph Keller, a former local resident who conducted The Fair store at the corner of Milwaukee and River streets, was arrested in Madison yesterday and admitted in the municipal court that he had been guilty of a technical violation of the dairy and food laws, and paid a fine of \$30 and costs, amounting in all to \$45.80. Two charges were made against him by Assistant Dairy and Food Commissioner Chadwick, one that lemon extract sold at his store was not up to the standard required by law, the other that baking powder containing alum was not properly labeled.

OUTDOOR COSTUME, WITH BLACK SURAH CLOAK FROM HARPER'S BAZAR

Long cloaks are very much used now, not only for travelling, but for general wear and for driving. They are useful garments, but require to be well made and of good material. Our illustration, taken from Harper's Bazar, shows one of the newest styles made of black surah, and long enough to entirely cover the gown it is worn over. There is a round yoke made of tucked black surah, and trimmed around the shoulders with a full double ruche of surah. Around the neck is another double ruche surah, forming a wide ruff.

The body of the cloak is made of broadened surah, so transparent that it

shows the lining through it, and the lining of salmon pink satin is very effective under the black. There are no buttons, the cloak being fastened with hooks under the full folds.

One of the odd features is seen in the sleeves, made of plain black surah in accordance with the long straight, from the shoulders, full and wide, and long enough to completely cover the sleeves of the waist. The belt is also of black surah, fastened in front with a large rosette.

To wear with this cloak is a round hat of black straw, with the brim turned up at the back, and trimmed with plaid ribbons, white silk quills, and a large blackbird.

BICYCLE LAW IS DISREGARDED

Riders Propel Their Wheels Regardless of the Safety of Pedestrians.

The city bicycle ordinance, requiring all cycle riders to have a bell at all times and a lighted lamp at night, attached to their wheels, seems to have fallen flat during the past few weeks, and but few riders now heed the ordinance. Each evening riders by the score push their wheels through the business and residence portions of the city without any sign of a bell or lamp. During the first part of the season the police took special pains to see that all lived up to the ordinance, and several riders were arrested and fined. The ordinance now seems to be a dead one, but just why, no one seems to know.

Dr. J. I. Terry, of Trimble, Tenn., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy, says: "It has almost become a necessity in this vicinity." This is the best remedy in the world for colic, cholera morbus, dysentery and diarrhoea, and is recognized as a necessity wherever its great worth and merit become known. No other remedy is so prompt or effective, or so pleasant to take. Sold by People's Drug Co., E. Milwaukee street.

OBSEQUIES OF J. H. CONRAD

Remains of the Late Merchant of Chicago Interred at Oak Hill

The funeral of the late J. Henry Conrad took place in this city last evening. The remains, accompanied by relatives and a number of friends, arrived from Chicago at 8 o'clock over the Chicago, Milwaukee & St. Paul road. Here a large number of citizens assembled and a procession was formed, the cortege proceeding to Oak Hill cemetery. Prayers were said at the grave by Rev. A. B. Barrington, pastor of Christ church, to which the deceased formerly belonged.

The floral tributes from friends of the deceased were many and handsome. Friends of the family were present from Chicago, Beloit and Racine, and the grocers of this city turned out in a body. The pall bearers were W. T. Vankirk, C. S. Jackson, J. M. Bostwick, R. M. Bostwick, George M. McKey and J. T. Wright.

DROWNED WHILE BATHING

Young Son of Rev. and Mrs. Kirkland Loses His Life in Colorado.

Mrs. W. H. Blair, of this city, yesterday received news of the death by drowning at Colorado Springs, Col., of her son, Kirkwood, the son of Rev. and Mrs. T. C. Kirkwood, formerly of this city. The lad, who was fifteen years of age, together with a younger brother and a boy friend, was in bathing and it is thought that a raft which they were using in learning to swim struck him on the head, rendering him unconscious. Before he could be taken from the water he was drowned.

Rev. Mr. Kirkwood was formerly pastor of the Presbyterian church in this city, and was well known and highly esteemed. He and his wife have the warm sympathy of a large number of friends in their affliction.

COURT CASES DISPOSED OF

Proceedings Involving the Disposition of Estates Concluded.

In the circuit court yesterday decision judgment was taken in the case of James Menzies vs. J. U. and Sarah Clyde. The action involved a foreclosure sale of property by the sheriff, which sale was confirmed by the court yesterday. The court also discharged Sylvester Morgan from any further responsibility as trustee in the matter of the estate of the late Charles C. Holden.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 12.

To the Republican Electors of Wisconsin:

By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central Committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters (in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

USE FOR VOLUNTEER ARMY

A dispatch from Washington says:

"Numerous inquiries which have been received from all sections at the war department indicate that there is still a lack of understanding as to what will be the status of the volunteers when a suspension of hostilities is declared, although the intention of the administration in this regard have been repeatedly stated.

The volunteer army will not be disbanded nor any part of it. That peace is actually so be the result of the pending negotiations cannot be absolutely known until the peace commission has met and signed the terms. The president has no intention of disbanding the volunteer army, while there is no uncertainty about the outcome. Besides, there will be plenty of work for the army to do while the peace commission is performing its labors. Spain's acceptance of the American terms makes it obligatory upon her to evacuate Porto Rico and Cuba at the earliest date possible. "Immediate evacuation" was what the administration called for. With the Spanish army withdrawn from Cuba and Porto Rico, large forces of Americans will be needed in those islands to preserve order. Especially will this be the case in Cuba, where, it is estimated, an army of 75,000 will be required.

"Gen. Shafter's army, which comprises nearly all the regulars, is in no shape for this duty, and will not be fit for service for many months. The veterans of Santiago will be allowed to thoroughly recuperate at Montauk Point. A liberal policy will be pursued in regard to furloughs. Every meritorious claim for a leave of absence will be recognized. This will not apply to those who have been wounded at the front or run down in health in consequence of the ardors of the campaign, but to all those who may in the future have any good excuse for desiring a leave.

"As to Gen. Merritt's army, it goes without saying that it will be needed in the Philippines, and will be kept there. If the insurgents should give any trouble while the peace negotiations are pending, Gen. Merritt's force will be increased.

"The only volunteers who stand any show of being released for some time to come are the members of the naval militia. The naval militia will be disbanded as soon after Spain's note

says: Book selling in Spain, never a very lucrative occupation, is in a very bad way from the present general depression of business. The Corporation of Booksellers, of Madrid, have sent a circular to the foreign houses with which they have connections, announcing that, in consequence of the extraordinary rise in exchange, they do not at present intend to meet drafts on them or to make payments due. When peace is reestablished and exchange becomes normal their creditors shall be paid—so they say.

The Omaha exposition is the only show of the kind ever held that paid running expenses during the first month.

REVENUE ON GROCERIES

Certain Articles Sold by Retail Grocers Must Pay Taxes

Certain local grocers will do well to keep a lookout these days for the revenue collectors. Deputy Revenue Collector Clark Tennant is engaged in looking over the stocks of the grocery stores in the state and compelling the owners to stamp such goods as required by law. Many of the grocery stores have root beer, certain soaps, jams and cherry phosphates which must bear the government stamp. The law is strict in this respect and any violations of it can be severely punished.

More Fall Shoes Have Arrived.

The best Shoe builders in the United States have been called upon for our stock this season. Dressy people like to be foremost in foot styles and therefore make early fall purchases. For these folks and all early fall buyers we are preparing every day a great ovation in pretty footwear. You can be the first to wear the correct styles for fall if you wish to purchase now.

Our Summer Tans Must Move.

The incoming of our fall stock makes it a necessity to push out all summer tans—men's and women's, boys' and misses'—as hurriedly as possible. Our shelf room is already crowded to its utmost capacity. We are making prices that will move summer goods, and each sale is a surprise party to the purchaser. You will find it so if you try us.

Good Shoes.

Cost more than poor ones. Sometimes the Shoe you pay the most for costs the least. It depends on where you buy them. Cheap folks ask less for cheap Shoes than we ask for good ones, but theirs cost the most in the long run. We have placed all broken sizes in Oxfords on our bargain table and marked them, choice, 98c. All broken sizes of Ladies' Shoes are heaped together on a table, marked \$1.89.

Ready to supply all the necessities wanted during the warmest weather, and the luxuries as well, although they usually cease to be luxuries at the prices we sell them at. Many dealers think women are hard to please and hard to deal with, but it is all in treating them as they should be treated, giving them what they ask for, and carrying out to the letter every intimation you make them. Our steadily increasing trade with lady shoppers is most pleasing to us—shows we are on the right track and that the little extra trouble we go to to please them is not lost.

We have always made a point of handling the best goods and asking the lowest prices possible for them.

Prof. Harrie

Renowned Palmist,

10 DAYS LONGER

in order to accommodate those who have been unable to secure readings.

Prof Harrie was born in Marseilles, France 38 years ago, and has practiced palmistry for fifteen years, during which time he has visited nearly every country on the globe. He is a man in whom one feels confidence at the outset. There is nothing prosy or dry in his conversation, but he thinks rapidly and gives voice to his thoughts just as rapidly. He is one of the most pleasant of men to meet and departs entirely from the primordial customs of those who seek to become palmists. He does not carry his business with him on the street, but appears as a well-to-do business man, affable, courteous and obliging and never tiresome or obtrusive. He talks intelligently on all subjects and is an extensive reader.

The science of palmistry was in part natural to the professor, and developed early in childhood. He exhibited in his boyhood days that precocity which betokens coming genius and excited the curiosity and caused much wonderment among the people of his native country. He is a graduate of the best French schools, and has always made palmistry his paramount study. He has allowed nothing to interfere with his life work and his eminent success is not to be wondered at.

Because certain people do not believe in the science of palmistry it is no sign that it can't be done. The best way to be convinced is to call on the professor at his apartment. He will convince you free of charge. Formerly several of our modern improvements were considered impossible, which are now in daily demand. The public did not take kindly to them at first, but they now have ceased to excite wonder and are indispensable. It is so with palmistry and life reading and a call on the professor will convince you that he can read the innermost secrets of your life. All matters laid before Prof. Harrie are held in strict confidence and all who call upon him are treated with uniform courtesy and respect. If there is something you would really like to know and can't find out for yourself, consult Prof. Harrie and he will make it clear to you.

Never Marry a person with a hand like this.

GAZETTE NEWS IS
ALWAYS UP-TO-DATE

FAR IN ADVANCE OF ALL RIVALS IN THE NORTHWEST

Gave the News at the Signing of the Protocol of Peace Ahead of Chicago and Milwaukee Papers Sold Here—Has Been the Leader in War Intelligence.

The readers of The Janesville Gazette were peculiarly fortunate last evening in being the only persons in the northwest who were informed that a protocol looking towards peace between Spain and the United States had been signed by representatives of both countries, and that orders had gone forth to the military and naval commanders in every part of the world requiring them to stay their aggressions and await the outcome of the negotiations.

The Milwaukee evening papers were received here about an hour and a half after The Gazette had been distributed in the city, but they contained no hint of the fact that peace had practically been declared. An hour or so later the Chicago evening papers came to hand, and these also were silent upon the only important matter in the news of the day.

The protocol was signed by the secretary of state on behalf of the United States and by M. Cambon, French ambassador, on behalf of the government of Spain, at 4:32 yesterday afternoon. At this hour all the Chicago and Milwaukee papers that circulate outside of those cities have been printed and placed in the hands of carriers and news agents. The news of the consummation of the peace was received in The Gazette office at 4:45, and at precisely 4:53 the newboys were upon the streets announcing the glad tidings to an expectant public.

The Gazette is proud of its achievement in thus anticipating all rivals in the publication of the most important news of the decade. The instance is not an exceptional one, however. When Admiral Dewey entered the harbor of Manila and destroyed the Spanish fleet, The Gazette was the first to herald the achievement throughout this region. When Hobson sunk the Merrimac in Santiago harbor The Gazette was the first paper to spread the news. When Santiago surrendered to G. N. Shafter The Gazette again distanced all its contemporaries in the publication of the news. The fight at Cardenas and Matanzas and the landing of a noble band at Guantanamo were likewise events of great importance—epochs in the war—which were first detailed by dispatches to The Gazette.

While The Gazette is pleased at its success in laying the latest news of the day before its readers, it bears in mind the disadvantages under which its rivals labor and commiserates them. They are three hours distant from Janesville by fast mail service, and cannot, therefore, give as late news as The Gazette does, which is but three seconds removed from the news centers of the country. It takes but three seconds to transmit a telegram from Washington, New York, or any other depot of information. The happenings of the day can therefore be recorded and placed before local readers at a much earlier hour than can be done by any other newspaper in the northwest. The Scripps-McRea Press Association, through which The Gazette procures its telegraphic news, is a live, up-to-date organization, possessing unrivaled facilities for obtaining and distributing the intelligence of the day. It does not waste effort in obtaining speculations as to coming events; it contents itself with giving brief, concise and comprehensive details of events as they transpire.

The Gazette has reason to feel proud of the record it has made during the Spanish-American war, and that its readers appreciate its efforts is shown by the substantial success it has attained.

EACH season the popularity of Stetson hats about Janesville is increasing. Last spring we sold more Stetson hats than we did a year ago and this fall we expect to go ahead of all records. Stetson hats combine all the style and durability of the best hats made and never fail to please the masses. Fall blocks have arrived and are ready for sale. Ziegler's.

SKILLFUL COOK'S DUTY
Should Make Food Taste and Look Well

The true science of cookery is to select proper and nourishing ingredients and then prepare them in such a manner as will please the taste, and incidentally the eye.

The most valuable food will not long agree with a person if its taste is disagreeable. This does not argue that all fine tasting articles are nutritious and nourishing. However, it is the duty of all food experts to produce delicious food and from the best possible ingredients, and to have a comprehensive knowledge of the laws of digestion and assimilation.

Grape-Nuts, the new food, made by Postum Cereal Co., Ltd., Battle Creek, and now on sale at grocers, is thought to be the highest type of scientifically made food thus far produced.

It possesses the delicate sweet of grape-sugar, with a new and peculiar flavor of a most winning character, while the processes of manufacture

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

FORTY WERE ENTERTAINED

Presbyterian Young People Meet Miss Grace Kirk

Miss Grace Kirk, of Milton avenue, entertained about forty of the young people of the Presbyterian church last evening. The occasion was a delightful one in every respect. Games were indulged in and a fine English lunch was served, and the accessories being perfect in every detail.

As early as 12 o'clock the crowds from the city and country began to make for the grounds. Cyclists and people in all sorts of conveyances from all sections of the country began to arrive during the morning, and it is estimated that fully two hundred from the surrounding country made the trip here on their wheels. Farmers by the score took a day off, and with their best turnouts came to spend the afternoon.

At 2 o'clock the fair grounds about the grand stand were alive with interested Scots, many of whom made the trip as far north as Madison and as far south as Rockford. The program arranged was a most interesting one, giving the best of satisfaction. Among the novel features was a sparring contest for points between "Billy" Mason, of this city, and Alva Maxfield, the "farmer boy." This match was a clear-cut scientific exhibition of the manly one of self defense.

A keenly contested wrestling match was also an attraction that met with favor from all sides. Paul E. Tratt, of Whitewater, who, after a severe struggle wrestled the honors from Chester Brewer last year was one of the interested parties in today's match with George Wilson, champion of Dane county as his opponent.

Dancing a Feature

No Scotch gathering is complete without the Highland fling and sword dance with the bagpipe accompaniment, and in this respect the program was well taken care of.

This evening the days festivities will be brought to a close by a grand ball to be held in Concordia hall.

Managers of the Affair.

For today's successful event the following committee deserve mention: Executive—O. C. MacLean, James Scott, Alex. Galbraith.

Managers of Games—Dr. James Gibson, Andrew Scott, O. K. Edmundo, P. K. Caldwell, Dr. E. D. Roberts, James R. Lamb.

Judges—William Horlick, Racine; Thomas Morgan, Milwaukee; John Driver, Racine; R. P. Fairbairn, Milwaukee; Robt. Dow, Stoughton; James Mille, M. D., William Hadden, Alex. McGregor, James Shearer, George Airlie.

Running broad jump—A. K. Wheeler, first; Paul Tratt, second; Hugh Hemmingway, third.

Running high jump—A. K. Wheeler, first; P. Caldwell, second; Hemmingway and H. K. Wheeler, third.

The four round sparring contest between Billy Mason, of this city and Alva Maxfield was awarded to Mason.

In the wrestling match, George Wilson won the first bout and Paul Tratt was awarded the second.

The crowd present was estimated at 2,000.

SCOTLAND'S SONS AND DAUGHTERS OUT IN FORCE.

Caledonian Society Gave Their Annual Outing This Afternoon—Games Were Interesting and a Large Crowd Was in Attendance—Dance Will Close Festivities.

The lads and lassies of Rock county did honor to Scotland today. At the fair grounds this afternoon the Caledonian society held their annual outing and games, and the usual large crowd was in attendance.

Last evening the local public were surprised by the appearance of three pipers, clad in the garb of the highlands of Auld Scotia, and through the residence and business streets of the city they made their way on the street cars to the screams of the pipes.

The threatening clouds during the early part of the day made it look for a time as though wet weather would interfere with the picnic, but as the afternoon wore on the signs of a storm became less dangerous.

Large Crowds Attended.

As early as 12 o'clock the crowds from the city and country began to make for the grounds. At 2 o'clock the fair grounds about the grand stand were alive with interested Scots, many of whom made the trip as far north as Madison and as far south as Rockford. The program arranged was a most interesting one, giving the best of satisfaction. Among the novel features was a sparring contest for points between "Billy" Mason, of this city, and Alva Maxfield, the "farmer boy." This match was a clear-cut scientific exhibition of the manly one of self defense.

A keenly contested wrestling match was also an attraction that met with favor from all sides. Paul E. Tratt, of Whitewater, who, after a severe struggle wrestled the honors from Chester Brewer last year was one of the interested parties in today's match with George Wilson, champion of Dane county as his opponent.

Dancing a Feature

No Scotch gathering is complete without the Highland fling and sword dance with the bagpipe accompaniment, and in this respect the program was well taken care of.

This evening the days festivities will be brought to a close by a grand ball to be held in Concordia hall.

ENGAGED IN FRIENDLY RIVALRY

Modern Woodmen in This Vicinity Are Working Hard For the Order.

If local members of the Modern Woodmen order intend to start out for the state banner for having the largest membership, they had better commence at once. Beloit Camp 348, Modern Woodmen of America, is booming.

They have a membership of 447, and have a dozen applications. Madison is now ahead of them, but if this rate of growth keeps up No. 348 will get there before the year is up.

The district picnic will be held in Beloit next year, and Beloit Woodmen propose to show the banner camp by that time.

New Breakfast Food

We have just received a large invoice of Fruen's wheat wafers, the finest breakfast food on the market, all the indigestible matter entirely removed, making it a splendid diet for dyspeptics. Children grow fat and rosy on Fruen's wafers and it gives grown people an active brain and strong nerve.

The regular price of this article is 15 cents per package; two packages for 25 cents. We have put a special figure on it, 10 cents a package. Sanborn.

WEDDED A JANESVILLE GIRL

Dexter E. Herrington, of Hebron, Ill., and Mabel E. Libbey Married

Miss Mabel E. Libbey, a former well known young lady of this city, and a niece of Ex-Gov. J. M. Bush, was married on Wednesday last, at Hebron, Ill., to Dexter E. Herrington. The Baptist church, in which the ceremony was performed, was well filled with friends of the contracting parties. When the couple entered they were preceded by two little flower girls bearing garlands of sweet peas and roses. The bride was extremely popular during her residence in Janesville, and her many friends will unite in wishing her much joy in her new sphere of life. The groom is a valued business man of Hebron, and is popular on all sides.

PROHIBITIONISTS AT OSHKOSH

Preparations in Progress to Entertain the Convention Delegates

The fourteen delegates from Rock county who will attend the state prohibition convention to be held in Oshkosh, August 25, are assured of a right royal welcome in that city. Preparations for the reception of the delegates have been going on for some time past, and nothing will be left undone that will add to their comfort. The citizens of Oshkosh, irrespective of party, have put themselves to much trouble in arranging a program that will be pleasing to all.

The delegates who will go from this county were elected at a meeting held in this city at Good Templars' hall about two weeks since.

LEONARD MAY GIVE CHASE

Has Received No Clue As to Whereabouts of Elopers

Harry Leonard, the Rock county farmer whose wife eloped some weeks ago with George Church, is still wondering as to the whereabouts of his once faithful love.

To intimate friend Mr. Leonard recently stated that as soon as he gets through with his farm work he would take up the hunt himself. The Janesville police have received no word of late as to the whereabouts of the elopers, who are supposed to still have with them Mrs. Leonard's eight-year-old daughter.

BUSINESS IS IMPROVING.

Changes for the Better in the Trade Situation.

EFFECT OF COMING PEACE.

Bradstreet's Reports Visible Improvement in All Lines—Dun Comments on Increased Business Since Spain Asked for Peace.

New York, Aug. 13.—Bradstreet's says:

"Changes in general trade and business this week have been very generally toward improvement. Notable in this respect has been the iron and steel trade, which has passed from the stage of promise to that of fulfillment on increased demand and marked advances in values.

"From all the leading iron centers east and west come reports of more or less improvement in tone, demand or prices, especially prominent in the latter particular being steel billets, with an advance of \$1 per ton; steel rails have had advances ranging from 25c to \$1 and sympathetic advances are likewise noted in eastern pig iron, wrought iron pipes, steel beams and other structural and steel plates.

"Further encouraging features have been the accentuated demand on foreign accounts for wheat and corn, which is reflected in advances for those cereals in spite of a rather more favorable than expected government report of possible yield. Effects of the holding of wheat by farmers for better prices are found in the reduced volume of grain carried by railroads during July.

"Business failures still incline toward a minimum, numbering only 157, against 189 last week, 214 in this week a year ago, 258 in 1896, 195 in 1895 and 264 in 1894."

R. R. Dun & Co.'s Weekly Review of Trade says:

"Prospects of peace have had a curious influence on business contracts, not quite explainable on common-sense grounds. Nobody really feared disaster or exhaustion of national resources, and nobody feared that anybody else was afraid of either. Yet orders unusual in number and size have been placed since Spain asked for peace. In some industries the gains have been large for about two weeks, while in some textile manufactures it has only begun to appear this week, but involves a considerable increase in the working force. Crop prospects are, on the whole, more encouraging."

Town Wiped Out by Flames.

Wheatland, Cal., Aug. 13.—The entire business portion of this town was destroyed by fire Friday. Only one small grocery store is left standing and there are 5,000 people, including transient hop-pickers, to feed. Later two attempts were made to burn other portions of the town, leading to the belief that the fire was incendiary. One Chinese was burned to death, and a number of persons were overcome by the heat. The total loss was estimated at \$40,000, of which \$40,000 was on grain. Insurance about half.

On Thirty Perish in Fire.

Vancouver, B. C., Aug. 13.—A fire, followed by a falling loss of life, occurred at Cranstown, Tasmania, July 16, when L. L. his large Criterion hotel, a total of 30 lives and half the town. The fire is supposed to have originated in the kitchen or dining-room down-stairs, and the building burned with such rapidity that in three-quarters of an hour it was reduced to ashes. Between thirty and fifty persons perished.

Coal Operators in a Vexation.

Springfield, Ill., Aug. 13.—The conference of the national executive committee of the United Mine Workers and the southern Illinois operators continued Friday. The Virden men claim they cannot compete with the Wellington, Streator and Danville mines in the Chicago market and pay over 30 cents for mining. On the other hand, the southern Illinois men claim the abolition of the scale in the Virden field will compel them to close their mines.

British Fleet for China.

Washington, Aug. 13.—A cablegram to the state department from Consul Sprague at Gibraltar states that the British fleet of six powerful ships, which has been in rendezvous there, has sailed for Peking, China. The inference here is that the British Asiatic squadron is to be re-enforced in anticipation of trouble with Russia over the New Chwang railroad project.

Quarantined.

May Disarm Aguinaldo's Men.

Washington, Aug. 13.—The United States government will not tolerate opposition on the part of Aguinaldo. The instructions to Gen. Merritt and Admiral Dewey will be very specific on this point. If the rebel chief makes any trouble in the Philippine Islands he is to be arrested and deported. Not having the Spanish troops to fight the United States forces will make short work of the insurgent if he is inclined to be treacherous. If Manila has not been taken when word is received of the signing of the provisional treaty, it will at once surrender. The American government will assume the protection of life and property, and it is thought extremely likely here that the insurgents will be disarmed.

United States May Pay the Cost.

Washington, Aug. 13.—The president is anxious that all of the Spanish soldiers in Cuba be eventually deported. If Spain is indifferent about the matter or slow in providing the means, the United States will have to take charge of the transportation. Several members of the cabinet are disposed to think that the easiest way out of it, and are in favor of providing in the treaty that the United States shall bear the expense of deporting them.

Milwaukee, Aug. 13.—A triple collision on the Chicago and Northwestern railway at Bay View Friday cost the company \$50,000. No one was seriously injured. Two long freight trains had collided. A few moments later a wild passenger train rounded a curve and crashed into the freight wreck.

FACTS ARE STUBBORN

If Janesville People Are Not Convinced By Local Testimony They Differ From Other People.

Our readers must have noticed in the past two years how "cures have multiplied in the newspapers like mushrooms in a meadow, and following the plethora of "cures" the general public have turned remarkably skeptical. Facts are demanded, but it has also become essential to know who supplies them, where are they from, in line, whom have you cured. Doubting Thomas would not accept a par incredible cures on the other side of the continent. He wants it at home. "Give us some neighbor, then I will believe," is what he asks for. Well Doan's Kidney Pills do this. Call it what you like, at home, local or neighbors testimony, you can always ascertain the truth of it without leaving Janesville.

Here is a case: Mr. John Stetson, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not violent there existed a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the Janesville Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date, and it is some months since, I have not noticed any recurrence of my old trouble." Doan's Kidney Pills are sold by all dealers. Price, 50 cts. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. LATE NEWS BY TELEGRAPH

HAVE SIGNED THE PROTOCOL.

Beginning of the End of Our War with Spain.

TREATY NOW TO BE DRAWN UP.

French Ambassador Cambon, for Spain and Secretary of State Day, for the United States, Sign the Important Document.

Washington, Aug. 13.—In the presence of President McKinley, Assistant Secretaries of State Moore, Adee and Criddle and the secretary of the French embassy, M. Thiebaut, at 4:23 o'clock Friday afternoon, Secretary of State Day, acting for the United States, and Ambassador Cambon of France, acting for Spain, attached their signatures and the seals of the United States and Spain to a protocol which suspended hostilities that have existed during the last 113 days.

Two copies of the protocol had been prepared, one in English for preservation by this government, and the other

M. JULES CAMBON.

In French for the Spanish government. Everything was in readiness about 4:20 o'clock, and the signatures and seals were attached in a few minutes. Secretary Day signing one copy in advance of Mr. Cambon, the order being reversed on the other.

The president then congratulated the French ambassador upon the part he had taken in securing a suspension of hostilities and thanked him for the earnest efforts he had made to facilitate a speedy conclusion. Mr. Cambon then bowed himself out of the room and left the white house with the copy of the protocol, which he will forward to Spain. The seal used by the French ambassador was that of Spain, which had been left with him when the Spanish minister withdrew from Washington.

The president is receiving congratulations from all the officials here and from prominent people all over the country. He is in a happy frame of mind and glad that there is to be no more spilling of blood. Telegraphic orders have been sent to the commanders in the field in Cuba and Porto Rico, and to Admiral Dewey and to Gen. Merritt at Manila, and upon their receipt hostilities will be suspended pending the negotiation of a treaty of peace.

Secretary Day said Friday that the names of the American peace commissioners would be announced promptly. He could not make a more definite statement, as the president has not fully decided upon the members. It is certain that Secretary Day will head the commission, and it seems probable that Senators Allison and Gorman will be associated with him. This, however, has not been finally determined. The president considers it desirable to have upon the commission men who will give the policy of the administration toward the Philippines their hearty and complete support. The policy has not been formed, but the president has progressed far enough in that direction to see the necessity of excluding from the commission opponents of territorial expansion. It is the desire of the president to formulate a policy that will meet the approval of the senate, to which the Paris treaty must be referred for ratification. It will be his object to render the work of the peace commission acceptable to the senate, and for that reason he is carefully sounding the sentiment of that body. The senate's action upon the Hawaiian treaty seems to warrant the conclusion that a majority would oppose the annexation of the entire archipelago. It was only by joint resolution that the annexation of Hawaii was accomplished, and the rules of the senate render it possible for an organized minority to defeat any proposition that arouses determined opposition.

All this the president is taking into consideration and he will be prepared to issue iron-bound instructions to the American commissioners when they assemble here previous to sailing for Paris. A member of the cabinet said that no senator or representative who voted against the Hawaiian resolutions would be upon the commission.

Secretary Day believes that the commissioners will be ready to start for Paris two weeks after they are named, and he estimates that their work will be completed in a month. There is a feeling throughout the cabinet that Spain will exhaust all the time allowed for the meeting of the commission and will not be ready to proceed before the first of October. Should Secretary Day's estimate prove correct and the commission complete its work

by the first of November, which is generally considered as rather too early to expect an agreement, the American members would not reach the United States much before Nov. 15. The president would not call the senate in extra session without giving the senate two weeks' notice, and would therefore gain nothing by issuing an extra-session call, as congress will meet in regular session on the first Monday in December. The treaty will surely meet some opposition, and the president and his advisers will consider that satisfactory progress has been made should the treaty be ratified by the first of the new year.

Provisions of the Protocol.

The provisions of the protocol are as follows:

1. That Spain will relinquish all claim of sovereignty over, and title to, Cuba.

2. That Porto Rico and other Spanish islands in the West Indies and an island in the Ladrones, to be selected by the United States, shall be ceded to the latter.

3. That the United States will occupy and hold the city, bay and harbor of Manila pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines.

4. That Cuba, Porto Rico, and other Spanish islands in the West Indies shall be immediately evacuated, and that commissioners, to be appointed within ten days, shall, within thirty days from the signing of the protocol, meet at Havana and San Juan, respectively, to arrange and execute the details of the evacuation.

5. That the United States and Spain will each appoint not more than five commissioners to negotiate and conclude a treaty of peace. The commissioners are to meet at Paris not later than Oct. 1.

6. On the signing of the protocol hostilities will be suspended and notice to that effect will be given as soon as possible by each government to the commander of its military and naval forces.

The President's Proclamation.

The proclamation of the president declaring the existence of an armistice and ordering a suspension of hostilities reads as follows:

Whereas, By a protocol concluded and signed Aug. 12, 1898, by William R. Day, secretary of state of the United States, and his excellency, Jules Cambon, ambassador extraordinary and plenipotentiary of the republic of France, at Washington, respectively representing for this purpose the government of the United States and the government of Spain, the United States and Spain have formally agreed upon the terms on which negotiations for the establishment of peace between the two countries shall be undertaken; and

Whereas, It is in said protocol agreed that upon its conclusion and signature hostilities between the two countries shall be suspended, and that notice to that effect shall be given as soon as possible by each government to the commanders of its military and naval forces; now, therefore,

I, William McKinley, president of the United States, do, in accordance with the stipulations of the protocol, declare and proclaim on the part of the United States a suspension of hostilities, and do hereby command that orders be immediately given through the proper channels to the commanders of the military and naval forces of the United States to abstain from all acts inconsistent with this proclamation.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 12th day of August, in the year of our Lord one thousand eight hundred and ninety-eight, and of the independence of the United States the one hundred and twenty-third.

WILLIAM MCKINLEY.

By the president.

WILLIAM R. DAY

Secretary of State.

Relief Felt in Madrid.

Madrid, Aug. 13, midnight.—The protocol will be published simultaneously in the official gazettes here and in Washington. The papers discuss the situation quietly and great relief is felt in government and court circles. That President McKinley has not demanded a convocation of the cortes to approve the peace preliminaries, the cortes will now not be summoned until autumn, by which time it is expected that the agitation of the extremists will have cooled down and the country have become more inclined to accept the accomplished facts.

TO THE BOYS WHO DID NOT FIGHT.

President McKinley Says All Who Did Their Duty Are Equal.

Washington, Aug. 13.—The following official correspondence between President McKinley and Gen. Breckinridge, in which the president pays tribute to the troops who could not be sent to the front, has been made public:

"Chickamauga Park, Ga., Aug. 10, 1898.—The President: May I not ask you, in the name and behalf of the 40,000 men of this command, to visit it while it is still intact. There is much to be said showing how beneficial and needed such a visit is, but you will appreciate better than I can tell the disappointment and consequent depression many men must feel, especially the sick, when they joined together for a purpose and have done so much to show their readiness and willingness to serve their country in the field, but

find themselves leaving the military service without a battle or a campaign. All who see them must recognize their merit, and personal interest must encourage all if you can find time to review this command.

"BRECKINRIDGE,

"Major-General Commanding."

Following is the president's reply:

"Executive Mansion, Washington, Aug. 11, 1898.—Major-Gen. Breckinridge, Chickamauga Park, Ga.: Replying to your invitation, I beg to say that it would give me great pleasure to show by a personal visit to Chickamauga Park my high regard for the 40,000 troops of your command who so patriotically responded to the call for volunteers, and who have been for upward of two months making ready for any service and sacrifice the country might require. My duties, however, will not admit of absence from Washington at this time. The highest tribute that can be paid to the soldier is to say that he performed his full duty. The field of duty is determined by his government, and wherever that chances to be is the place of honor. All have helped in the great cause, whether in camp or battle, and when peace comes all will be alike entitled to the nation's gratitude.

"WILLIAM MCKINLEY."

For Disbanding the Army.

Washington, Aug. 13.—Thus far the question of the disbanding of the volunteer army has not been given serious consideration by the war officials. A considerable force necessarily will have to be maintained for several months, perhaps a year. In the opinion of war department officials this force will be about 125,000 men. It will be kept in Cuba, Porto Rico and the Philippines principally, although a few troops will be stationed in Hawaii in addition to the regular army force distributed among the various posts in this country.

Shafter's Latest Death List.

Washington, Aug. 13.—At 1:30 o'clock Saturday morning Gen. Shafter's report of the health conditions of his troops at Santiago was received at the war department. It follows: "Santiago, Cuba, Aug. 12, 1898.—Adjutant-General United States Army, Washington, D. C.—Sanitary report for Aug. 11: Total number of sick, 3,010; total number of fever cases, 2,340; total number new cases, 221; total number of fever cases returned to duty, 279.

Congress Will Be Responsible.

Washington, Aug. 13.—The president will be relieved of the responsibility of furnishing a government for Porto Rico as soon as the peace treaty is ratified. It will then become the duty of congress, as it is now its duty toward Hawaii, to furnish a form of government. The president will therefore be only temporarily in charge of the situation.

Last Victory for Us.

Washington, Aug. 13.—Acting Secretary Allen of the navy department received a dispatch last night notifying him that a naval force sent by Admiral Sampson had appeared in the harbor of Manzanillo and demanded its surrender. The commandant of the city declined to comply with the demand, and an engagement took place which is said to have resulted victoriously for the Americans.

Town of Mayaguez Is Occupied.

Ponce, Porto Rico, Aug. 13.—Gen. Schwan took Mayaguez, on the west coast of the island, last night. The Spanish troops fled from the town on the approach of the Americans. The inhabitants came out to meet our soldiers with a brass band, and there was great rejoicing.

Blockades Will Be Raised.

Washington, Aug. 13.—The blockades that have been steadily maintained on the coast of Cuba and before the city of San Juan will be immediately raised, and food will be allowed to enter the cities for the relief of the famished residents.

British Papers Gratified.

London, Aug. 13.—The papers are unanimous in expressing gratification that the war is ended. The comment mainly turns on the fact that the protocol leaves untouched the hardest problems now facing America.

Army Will Not Be Scattered.

Washington, Aug. 13.—The army will not now be scattered. It will be kept consolidated, at least until the question of garrisons for Porto Rico, Cuba and the Philippines has been specifically decided upon.

Secretary Day to Resign.

Washington, Aug. 13.—Col. John Hay, the American ambassador at the court of St. James, will, it is understood, succeed William R. Day as secretary of state. Whitelaw Reid will take Col. Hay's place in London. Secretary Day will retire from the state department as soon as he assumes his position as chairman of the commission that will draw up the treaty of peace between the United States and Spain.

Indians Resist Arrest.

Cheyenne, Wyo., Aug. 13.—Governor Richards has received information from Deputy Game Warden Pyle that forty Bannock Indians from Idaho, who are killing elk in the vicinity of Jackson's Hole, had successfully resisted arrest. On request of Governor Richards, Secretary of the Interior Bliss has issued orders to Fort Washaka authorities to drive the Indians back to their reservation.

Some time ago, a little bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy fell into my hands,

just at a time when my two-year-old boy was terribly afflicted. His bowels were beyond control. We had tried many remedies, to no purpose, but the little bottle of Colic, Cholera and Diarrhoea Remedy speedily cured him. —William F. Jones, Oglesby, Ga. For sale by People's Drug Co., corner East Milwaukee street.

Mr. A. O. Wolfe, of Dundee, Mo., who travels for Mantur & Tibbets,

Implement Co., of St. Louis, gives traveling men and travelers in general, some good advice. "Being a Knight of the Grip," he says, "I have for the past three years, made it a rule to make myself supplied with Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found numerous occasions to test its merits, not only on myself, but on others as well. I can truly say that I never, in a single instance, have known it to fail. I consider it one of the best remedies travelers can carry and could relate many instances where I have used the remedy on skeptics, much to their surprise and relief. I hope every traveling man in the U. S. will carry a bottle of this remedy in his grip." For sale by People's Drug Co., Milwaukee street.

Darlington, Wis. Fair Excursion.

For the Lafayette County Fair at Darlington the Chicago, Milwaukee & St. Paul Ry. will sell excursion tickets at a fare and a third for the round trip from August 22 to 26, good for return until Aug. 27th inclusive.

How Far Will a Dollar Go?

This is the great every-day problem with buyers in every line.

You will never know how far you can make your dollars go for

Lumber and Building Material . . .

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. All we ask is a proportionate growth during 1898, and we expect it. It will be to your advantage to help the increase along.

That Dear Child.
Little Tommy—Sister Lillian likes to have you come here.
Mr. Simpering—Aw, indeed! How do you know that?
Little Tommy—Well, people always like what makes them glad, don't they?
Mr. Simpering—Generally. But how do you know I make her glad?
Little Tommy—I heard her tellin' one of the other girls to-day that she just had to laugh every time she looked at you.—Cleveland Leader.

A Silver Lining.
Mr. and Mrs. Cooper do not get along well together. She is not to blame, for he is always saying spiteful things. For instance, when she happened to say that a murderer had been sentenced to 20 years in Sing Sing, he remarked:
"Well, he is in good luck."

"How so?"
"He will have a quiet time of it until he gets out, and then he will be too old to marry."—Harlem Life.

Still Deeply in Love.
"I never knew a honeymoon to last as long as the Browns'."
"What makes you think it has lasted?"
"Why, I go downtown with Brown every morning and he hasn't yet reached the point where he forgets to mail his wife's letters the very first thing."—Chicago Post.

Quite Another Matter.
Mrs. Gadway—Going shopping, dear?
Mrs. Fadbury—No; I'm going down here to an employment office.
Mrs. Gadway—Going to select a servant girl, I suppose?
Mrs. Fadbury—No; going to try to get a servant girl to select me.—Galveston News.

More Parental Wisdom.
"Bobby asked me what a philosopher was."

"What did you tell him?"
"I told him a philosopher was a person who could trump-up dozens of good reasons why other people ought to be perfectly satisfied with their lot in life."

Envious Comment.
"He proposed to her by letter, and she accepted him by postal card."
"By postal card!"
"Yes. She was so tickled she wanted even the postal clerks to know that she had caught him."—Chicago Post.

A Transformation Scene.
Shawpmon—Did you ever see Harry Steadybeau and his girl do the parlor transformation trick?
Bloom—No; what is the nature of the trick?
Shawpmon—Oh, they change an easy chair into a spoonholder.—Up-to-Date.

Are You Married?

? ? ? IF NOT, WHY NOT? ? ?

Marriageable men and girls are plentiful about this section. If she falls in love, that is her business. If he falls in love, that is his business. But if they get married, that is our business. We make a specialty of fitting out newly married couples. Most of them come to us for their housekeeping articles. They know we will save them money on their outfit and give them just what they want always.
